

Committed to excellence in all aspects of business law,  
with particular expertise in insurance defense and  
maritime litigation.

# Minding Your Business

## Insurance Defense

We have years of experience and a proven track record representing insurance carriers and their insureds, self-insurers, third-party administrators and employers. With our in depth knowledge of insurance industry practices, we're able to hit the ground running.

## Commercial Litigation

We serve a number of businesses throughout the South Louisiana area, with a concentration in the marine industry. Our extensive business background, along with our skills in the courtroom and at the negotiating table, enables us to work closely with business owners, top management and administrators.

## Corporate Transactions

We provide a broad range of corporate and business services for every stage in the evolution of a commercial enterprise, including formation, mergers and acquisitions, real estate, leasing, labor and employment, insurance and more.
